

LAKE APODKA

A high-speed photograph of a single water droplet falling into a pool of water. The droplet is suspended in mid-air just above the surface, and it has just made contact, creating a series of concentric ripples that spread outwards. The water is a deep, vibrant blue, and the lighting highlights the spherical shape of the droplet and the texture of the ripples.

A BASIN-WIDE PLANNING INITIATIVE

NOVEMBER 13, 2000

Presented by the East Central Florida Regional Planning Council
