

How FDOT Can Help 

FDOT District 5 Office

- Participate in Project Reviews
- Provide Districtwide Data
- Answer Technical Questions
- Provide Contact Information for Key Resources

FDOT Central Office

- Develop and Update Tools and Procedures
- Host Forums to Exchange Ideas
- Provide Technical Training

FDOT District 5 Examples 

- Participate in DRI process
 - More than 250 DRIs in District 5!
- Becoming more involved in sub-DRI process
- Provide Districtwide Data
 - LOS_ALL spreadsheet
 - CFGIS partnership
 - Cost-estimating information
- Customizing training to meet District 5 needs
- Applying new legislation

FDOT Central Office Examples 

- 2007 update to LOS_PLAN software
- Release of LOS Issue Papers
- Updating the Quality/LOS Handbook
- Conducting Statewide Training
 - Site Impact/LOS Training

Shameless plug - FDOT Site Impact and LOS Training September 18-20!

- FSUTMS
- Transit Quality of Service Applications

- Coordinating with DCA and Districts to help interpret new legislation

Beyond the State of the Practice

- Identify roadway needs and create plans before concurrency triggered
- Continue to identify funding partnerships
 - FDOT, local governments, private developers
- Explore multimodal alternatives
 - Supported by new legislation
 - Requires new analysis tools
- Understand appropriate use of policy alternatives to concurrency

Questions and Discussion
