

# Volusia County Spring to Spring Trail Field Trip

On December 6th the Regional Greenways and Trails Working Group had the opportunity to take a field trip to the Volusia County Spring to Spring Trail. Mother nature was very generous in offering us the perfect day to see and learn about such a celebrated trail. Discussion focused on the trail construction and upkeep, to points of interest and lessons learned.

A special thank you to John Harper and Susanne Inman with Volusia County for organizing and hosting the trip. We also would like to thank Lake Helen's Mayor Shuttleworth for donating the use of the Lake Helen Bus and speaking with us about trail development in Lake Helen.

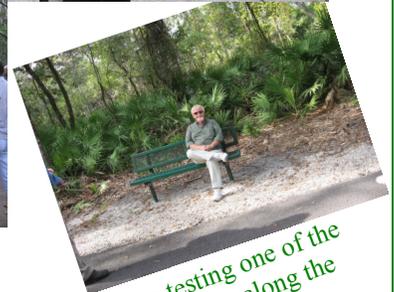

We were greeted at the DeBary Hall Trail Head by John and Susanne.

After visiting Gemini Springs, trail enthusiasts can walk or ride to Lake Monroe Park

Spring to Spring Trail at Lake Monroe Park

Pete testing one of the rest stops along the trail.

Hiking through Lake Helen

Mayor Shuttleworth discussing Lake Helen's Trail Plan.

Our fantastic trip ended at DeBary Hall where we enjoyed a guided tour through the home.
