ECFRPC Contract and Outreach Update

April 15, 2009

New Contracts

- CFGIS Contract- DRI Tool: FDOT has awarded ECFRPC a \$71,000 contract to develop and install a new DRI information direct upload tool to the CFGIS website. Most of this money will go to subcontract work by DTS. We will supervise and administer the contract. A new software license will be purchased for CFGIS also.
- Prepared a Scope of Services for a continuation contract with Seminole County for the 17-92 corridor study next three phases. Meeting with Planning Director Dori Debord 4/17.
- Cape Canaveral- Visioning Stakeholder Committee established, meeting 4/14. Still awaiting the contract to be signed before beginning the visioning contract, but that is anticipated within the next week or so. Scope of services was previously approved with the funding so the contract should be approved administratively.
- Secured a \$15,000 contract from Brevard Co. EMA to update their Haz Mat procedures. This will be subcontracted to a consultant for a fee of \$13,750 and we will retain \$1,250 to administer the contract.

Outreach

- Met with Kissimmee economic development planners to assist them with an EDA grant applications for downtown and SR 192 corridor grant. This is a listed vital project in the CEDS, so the city will get preferential status when they submit for a competitive grant. Also discussed possibly assisting the city with its affordable housing element update, piggybacking on the SRPP affordable housing sounding board and policies.
- Palm Bay has asked ECFRPC staff to facilitate meetings regarding adoption of a new sign code. We will put together a small scope of services and respond.

Executive Committee

Chair

Mary Martin
Vice Mayor of Port Orange
Volusia County League of Cities

Vice Chair

Cheryl Grieb
City Commissioner
City of Kissimmee

Treasurer

Elaine Renick
Commissioner
Lake County
